My dear friend

Your of the 21st was duly rec.d & contents noticed. I have not known any thing by me on the slave trade that you are not cognisant to.

I. R. Plumly is the author of the articles in the Ledger papers, a true friend of ours. I do hope you will condemn a pamphlet for me! may I depend upon you for it when?

My object in writing now is to say that I had one of my journeymen who has just rec.d from France to buy for me when there some pretty articles for an Fair in which we hope to make 150 per ct. & that I shall have some 2 to 300 fs worth more than we can sell. Would you like to have them? at true cost of course. Your ts truly Ed.d Davis
